"At Illinois, we educate and prepare our students for the practice of law through rigorous classroom instruction and in-depth practical experiences.

We have a first-rate faculty, a large and extremely accomplished alumni base, and a talented and collegial student body within a world-class university setting."

Patricia Birungi LLM 2021, Uganda

"The LLM program introduced me to a wide range of courses that are essential to the modern-day legal profession, especially in the corporate field. Additionally, the professors are very experienced, friendly, helpful and always up to date with current information relevant to the courses. The mode of teaching is quite different from the one I was accustomed to, and this challenged me to be an even better student. I also love Champaign-Urbana - it has become a second home to me, a very quiet community, with friendly and respectful people."

Agung Prabowo LLM 2018, Indonesia

"The atmosphere at the school is competitive yet collegial at the same time. The courses are designed to equip myself with practical lawyering skill to address real world issues. The school also offers various opportunities and resources to help students to develop our skills and networks or to plan our future after graduation, whether in the form of workshops, competitions, networking events, or job interview opportunities."
